CHANGES TO KINKAID LAW

Modifications Are Being Prepared by Manderson, Dietrich and Auther.

OBJECT IS TO MAKE IT MORE PRACTICAL

Plan is to Have Land Drawn From Entry and Redistricted into Arable Sections by Next Congress.

Efforts will be made at the next session of congress to make some important changes to the Kinkaid homestead law. General Charles F. Manderson is at present preparing proposed modifications, which will be presented to lawmakers at Washington, urging the need of amendments to the law in its present form. The communication will embody suggestions of Senator Dietrich and the author of the bill, who appreciate the need of action which will modify the law so that it will be more practical.

The Kinkaid law made the amount of land which can be taken up for settlement 60 acres instead of 160 acres. In order to enable each settler to acquire sufficient land to support a family. The position is taken, however, by those interested in the bill that the measure does not go far enough. It is asserted that most of the land affected by the Kinkaid law is suitable only for grazing purposes, and that increased acreage does not improve the situation of the man who settles upon the land hills for the purpose of cultivating it for agricultural purposes.

The plan is to have the land drawn from entry and redistricted into arable, irrigation and grazing sections, and that the lands which have not been taken up and then offered for sale by the secretary of the interior at not less than 10 cents per acre and not to exceed 25 cents. It is proposed to make the foregoing change in the form of an amendment. Other plans are also suggested, but they are modifications of the plan described.

MISS ADELE GRATIOT DEAD

Director of Kindergarten in Kellom School Succumbs to Effects of Operation.

Miss Adele Gratiot, director of the kindergarten in the Kellom school, died yesterday at Immanuel hospital, falling to rally from an operation to remove a tumor. She had been out of school only two weeks.

Miss Gratiot came here with her family from Minnesota about fifteen years ago and had charge of the Kellom school kindergarten seven years. She was about 32 years old. No relatives survive her in Omaha, but two sisters and a brother live in Chicago and one sister in Minnesota. Mrs. Stevens, one of the sisters, was with Miss Gratiot during her illness.

CONDUCTORS MUST BE GOOD

Street Railway Employees Will Be Put Under Rigid Rules as to Conduct.

Several complaints of incivility to patrons on the street cars by conductors and of intention to duty have been reported at the office of the company. This has induced the management to prepare cards which will be placed in all cars within the next few days asking patrons to report any incivility or intention on the part of any employee of the Omaha & Council Bluffs Street Railway company to the general manager. Prompt attention will be paid to all cases reported.

FIGHT OVER LAND TITLES

City Attorney at Appraisers' Meeting Questions Company's Rights.

EXHIBITS ADMITTED ON THEIR MERITS

Appraisers to Resume Sessions and Think It Possible to Conclude Their Work by Last of Next Week.

Sharp differences between the city and the Omaha Water company over the title to real estate developed yesterday at the resumption of the water works appraisal proceedings at the city hall before the Board of Appraisers, consisting of Engineers Mead, Alvord and Benzenberg.

City Attorney Wright challenged the undisputed ownership of the company to much property in Florence and Omaha and announced the city would contest the title. Attorney Hall, for the company, retorted that the corporation was not being tried as to its title and that the city would have an opportunity to bring this matter up and test it when the appraisal had been completed and when it "tenders the money for the plant."

BIDS FOR ARMY POSTS MEATS

Proposals Are Submitted for Two Million Five Hundred Thousand Pounds Fresh Beef.

Bids were opened Thursday at the office of Captain T. B. Hacker, chief commissary of subsistence of the Department of the Missouri, for 2,500,000 pounds of fresh beef to supply the various posts of the department for the six months beginning January 1. The posts to be supplied are Fort Leavenworth and Riley, Jefferson Barracks, Des Moines, Crook, Niobrara, Robinson, D. A. Russell, Mackenzie, Washakie and Meade.

The bids were received from various contractors located in the immediate vicinity of the respective posts and in which the large packing companies conspicuously figure. The average bids are for less than 6 cents per pound for the whole dressed carcass with shanks, neck and breast trimmed and former tail cut out.

ELEVATOR SITE TURNED OVER

Property Delivered by Terminal Company to the Wattles Concern.

WORK ON FOUNDATION STARTS NOW

Plan of the Promoters is to Have Building Up and in Operation by Next April.

The Independent Elevator company yesterday received and paid for its property on the Grain Terminal site. The price was \$15,000. It will be necessary to slightly lower the grade before work is begun, but that is a matter of slight importance, and it is expected the foundations will be in before frost prevents. The upper work can be continued through the winter without trouble and President Wattles expects to have the elevator in operation, with the coming of April.

J. C. Record, the expert elevator builder of St. Paul, is in the city making measurements and studying the ground with a view of making estimates on the foundation and on the entire contract. The foundation work will be done by Omaha labor under supervision of the contractor. Edis have been asked for and will be received within a few days on the foundations and also on the entire work. After the bids have been received the contract will be let and the work rushed with all possible speed consistent with the importance and character of the work.

Army Is Favorite.

PHILADELPHIA, Nov. 25.—The army and navy football eleven, accompanied by substitutes, trainers and coaches, arrived here today. The two teams will meet on Franklin field tomorrow afternoon in their annual football contest. West Point team is a slight favorite.
